# ZerokWallet

LAUNCHING Q4 2027

ZerokWallet is a next-gen, non-custodial crypto wallet designed to integrate deeply with the Zero Koin ecosystem. Built for scalability and simplicity, it empowers users to fully control their assets while accessing real-time rewards, educational incentives, and DeFi tools — all in one secure, intuitive platform.

## Key Highlights

- Supports major blockchains (BSC, Ethereum, Solana, etc).
- Native integration with Zero Koin's mining and referral systems.
- In-app DApp browser, token swap, staking, and portfolio tracking.
- Bank-level encryption, biometric security, and backup features.
- Designed for global adoption with a user-first interface.

## VISION

ZerokWallet aims to become the most trusted access point to Web3 for everyday users — combining finance, education, and decentralized utility in one unified mobile experience.
